

# CHORE CHALLENGE

Print off copies of the challenge sheets for each zone. You can laminate them and use dry erase marker to write on them each day. Or just print new ones!

Once chore time is over for the day, it's time to assess the challenge. Sometimes mom does this. Sometimes we trade cards and grade each other's work.

While I do require an honest assessment in the grading scale, I do not allow them to write negative comments. Everything written in the comment section should be encouraging!

Most importantly, have fun!
